GENERATION OF CABLE BOXES

02/21/2019 01:17 AM - Letchuman Dineshkumar

Status:	New	Start date:	02/21/2019
Priority:	Normal	Due date:	
Assignee:	Letchuman Dineshkumar	% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:		Spent time:	0.00 hour
Description			
Cable boxes cannot be generated in 3D.			
i would like to recommend the cable box generation beside the fixed type or fully withdraw able units wherever necessary. Because some customers requested only the TMD files and got confusion without cable boxes for Foam 4 b style-07 design. And this would help to estimate the pattern of cable dressing inside the cable chamber.
