

Elsteel Library - Problem #2241

Propose and define Access Groups naming conventions

07/24/2025 09:47 AM - Andres Galavis

Status:	Resolved	Start date:	07/24/2025
Priority:	Normal	Due date:	
Assignee:	Piotr Pająk	% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:			
Description			
These is the initial proposal: - Use full words and avoid abbreviations. - Only allowed abbreviations are SL, IN, DK, PL - By default department names will be used for the group containing all the department employees - Only "+" is allowed as a special character -			

History

If we change accessibility scope to access group all the flows related to accessibility scope should be change(have to put access group in every location)

#4 - 08/11/2025 03:19 AM - Malith Batugedara

- Status changed from New to In Progress

#5 - 08/11/2025 05:00 AM - Malith Batugedara

- Status changed from In Progress to Resolved

#6 - 08/14/2025 09:43 AM - Malith Batugedara

The new naming conventions for access groups should be updated in the Elsteel library.
