

## Elsteel Library - Bug #2285

### Revision number should be modifiable when adjusting file properties

09/04/2025 12:19 PM - Andres Galavis

<b>Status:</b>	Resolved	<b>Start date:</b>	09/04/2025

<b>Target version:</b>			
<b>Description</b>			
Some times you need to upload a file with a different extension as the previous revision, and in this case the filenames won't be the same so the system won't realize that this is in fact a new revision. For this reason, we need a way modify the revision number along with the rest of the properties.			

#### History

##### #1 - 09/08/2025 12:30 PM - Malith Batugedara

- Status changed from New to In Progress

##### #2 - 09/23/2025 04:47 AM - Malith Batugedara

The Elsteel Library manual should include new instructions on how to clear the properties of a selected document and how run flow to increase revision number.

##### #3 - 10/22/2025 06:54 AM - Malith Batugedara

Added manual flow

##### #4 - 10/29/2025 08:40 AM - Malith Batugedara

When we upload a file with the same name but a different extension (for example, Wi-Fi Usage Policy [rev.0].docx and Wi-Fi Usage Policy [rev.0].dotx), the system does not treat them as two separate documents. Because of this, both files share the same revision number instead of having their own. To correct this, you need to select the document and run the "Documents – 10. Clear Properties" flow so that the new file gets its own revision number.

##### #5 - 02/11/2026 08:53 AM - Malith Batugedara

- Status changed from In Progress to Resolved
